Leslie: RIMS now approves the draft Notice "CFDA No. 84.031S - HSI Program - Funding Down FY 2007 Slate for FY 20" that you first sent out on clearance on November 19 (please see original email below).

Carnesia has pointed out that the application referred in the Notice is related to 1840-0103, which is currently at OMB for renewal clearance. I had previously thought this application language was related to 1840-0745, which does expire in December and for which we are working with OPE to prepare for OMB submission.

I apologize for any confusion, just didn't want ED to commit any PRA violations!

Thanks! James

James,

Per our conversation earlier this afternoon, you noted the reason why RIMS was retracting its approval to the CDN to fund down the slate was due to a reference in the notice regarding a collection of information (see below). It was your understanding that this collection is related to the HSI application guide (1840-0745) that has an expiration date of December 2007. As I noted to you, the reference below is related to the IC #1840-0103, which is currently in clearance.

Note: All non-funded Individual Development Grant applicants receiving a peer review score of 96 and above in the FY 2007 competition MUST apply for FY 2008 Title III/V eligibility to receive a grant. Final funding decisions will be made based upon the amount available for new awards under the FY 2008 appropriation. The Federal Register

11/30/2007

publication for the Notice Inviting Applications for designation as an Eligible Institution under Title III and Title V in FY 2008 is expected in January 2008.

If further clarification is needed, please do not hesitate to contact myself or Sheryl Wilson. I appreciate your attention to this matter.

Sincerely,

Carnisia M. Proctor
Title V Program Officer &
Title III/V Eligibility Program Officer

Importance: High

Leslie: I apologize, but RIMS must retract the approval given below for this Draft Notice.

The OMB approval for this IC expires in December, and while OPE has submitted a renewal package it is incomplete.

We will contact you as soon as we have successfully worked with OPE to correct this problem.

DEPARTMENT OF EDUCATION

(CFDA No. 84.031S)

Developing Hispanic-Serving Institutions (HSI) Program

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice of intent to fund down the FY 2007 slate for the Developing Hispanic-Serving Institutions (HSI) Program.

SUMMARY: The Secretary intends to use the grant slate developed for the Hispanic-Serving Institutions Program in Fiscal Year (FY) 2007 to make new Individual Development grant awards in FY 2008. The Secretary takes this action because a significant number of high-quality applications remain on last year's grant slate. The actual level of funding for the FY 2008 program, if any, depends on final Congressional action. No Cooperative Development grant awards will be made from the FY 2008 appropriation for this program.

In addition, under the College Cost Reduction and Access Act, \$100 million has been designated for awards to Hispanic-Serving Institutions in FY 2008 and 2009. Further information about plans for conducting the FY 2008 competition under the College Cost Reduction and Access Act, including workshops, will be forthcoming in the near future.

SUPPLEMENTARY INFORMATION:

Background

On July 11, 2007, we published a notice in the Federal
Register (72 FR 37735) inviting applications for new awards under
the Hispanic-Serving Institutions Program.

We received a significant number of applications for grants
under the Hispanic-Serving Institutions Program in FY 2007 and
made 30 new grants. Because such a large number of high-quality
applications were received, many applications that were awarded
high scores by peer reviewers did not receive funding in FY 2007.

Based on the anticipated FY 2008 appropriation level, funding
is expected for new awards under the HEA Title V program. To
conserve funding that would have been required for a peer review
of new grant applications and to use those funds to support grant
activities, we will select grantees in FY 2008 from the FY 2007
slate of applicants. This slate was developed during the FY 2007
competition using the selection criteria, application
requirements, priorities, and definitions referenced in the July

11, 2007, Federal Register notice. No changes to the selection criteria, application requirements, and definitions will be required by this action.

In addition, under the College Cost Reduction and Access Act, \$100 million has been designated for awards to Hispanic-Serving Institutions in FY 2008 and 2009. Further information about plans for conducting the FY 2008 competition under the College Cost Reduction Access Act, including workshops, will be forthcoming in the near future.

Note: All non-funded Individual Development Grant applicants receiving a peer review score of 96 and above in the FY 2007 competition MUST apply for FY 2008 Title III/V eligibility to receive a grant. Final funding decisions will be made based upon the amount available for new awards under the FY 2008

appropriation. The Federal Register publication for the Notice Inviting Applications for designation as an Eligible Institution under Title III and Title V in FY 2008 is expected in January 2008.
